

Protocol::endXMLTagNodeHandler

```
graph RL; endTag[endTag] --> Protocol[Protocol::endXMLTagNodeHandler];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'Protocol::endXMLTagNodeHandler'. The box on the right is white and contains the text 'endTag'. A dark blue arrow points from the right side of the 'endTag' box to the left side of the 'Protocol::endXMLTagNodeHandler' box, indicating a call or relationship between the two.
